April**Market Place &
Mobility Event****Invitation - New Date!**
Intermodal Market Place & Mobility Event

We are pleased to invite you to the 7th edition of our Mobility Event (previously called 'Intermodal Event') and the Intermodal Market Place on **April 2nd 2019**. Due to an unexpected parallel event, we had to change our date.

During **the Market Place**, you will be able to meet individually with European rail, road, barge and shortsea operators and partner inland terminals presenting their sustainable offer to/from the port of Antwerp at an individual booth. A company profile per transport operator with a summary of their service offer and destinations will be sent to all participating shippers and forwarders in advance.

At the highly interactive **Mobility Event**, we would like to investigate together how we can make the use of sustainable transport to/from your region more attractive. You will also learn more about the ongoing actions for a smooth barge, rail and road transport to/from and within the port of Antwerp. Finally, you will be able to network with your peers during a walking dinner.

Looking forward to welcoming you in Antwerp on April 2nd,
Best regards,

Philippe Beaujean
Antwerp Port Authority
Shippers and Forwarders Manager

Tom Verlinden
Antwerp Port Authority
Mobility Manager

Practical**When?**

Tuesday 2 April - 14h00
